All Police Officers have jurisdictional authority on College of Mount Saint Joseph owned and controlled properties.
The Campus Police Department is also charged with enforcement of College regulations. The department works closely with and forwards citations for policy violations to the Office of Residence life.

The Campus Police Department also maintains a close working relationship with local, state, and federal agencies. In addition to developing working relationships, the department has also entered into a mutual aid agreement with all Police agencies in Hamilton County. CRIME REPORTING

The Campus Police Department encourages all members of the campus community to report all criminal violations of federal, state, and local laws. Crimes can be reported by dialing “0” from any on campus phone or by dialing 244-4226 from an off campus phone or by dialing 911 in case of an emergency.

All incidents, including crimes, should be reported to the Campus Police Department in a safe manner consistent with the seriousness of the incident or crime. Crimes can be reported 24 hours a day, 365 days a year. The Campus Police Department does not encourage anonymous crime reporting. The department does however realize the importance to protect victims of crime. The department will not release any specific victim information such as name, address, phone number, etc. for crimes of violence, hate, or sexual offenses. All crimes reported to the Campus Police Department will be investigated thoroughly.

CRIME PREVENTION

Ensuring that the College is a safe environment for students, faculty, and staff is a responsibility of all members of the campus community. The Campus Police Department regularly assesses and evaluates building security, provides groups or individuals with crime prevention techniques and advice. Crime prevention requires a cooperative effort between all members of the campus community. Everyone’s personal safety is a top priority on campus. All members of the community should be aware and mindful of their surroundings at all times.
CRIME LOG

The Campus Police Department maintains a log of all crime reported. The crime log is available for public view at the Police Department. The crime log for the most recent sixty days is available at any time. Requests for crime logs older than sixty days will require a maximum of two business days to fulfill.

SEXUAL OFFENDER INFORMATION

The Hamilton County Sheriff’s Office maintains an active database of sexual offenders residing in Hamilton County. To access the Sheriff’s database please follow the link below.

BUILDING SECURITY

The Seton Center Residence Hall is open from 6am -11pm. After hours entrance must be made through the Seton lobby.

All classroom, administrative, and recreational building are locked in accordance with class schedules and activities on campus.

EMERGENCY PHONES

Emergency phones that connect the caller directly with the Campus Police Department are located strategically throughout the campus and in the west lobbies of the Seton Center Residence Hall. To use an emergency phone push the emergency button or pick up the receiver. A dispatcher will immediately send an officer to the callers location.

TIMELY WARNINGS

In the event of an incident, on or off campus, that constitutes an ongoing threat to the campus community, a timely warning will be issued as soon as reasonably practical. Timely warnings will be sent via the campus e-mail system,
the community safe voice and text notification system, chapel bells, phone calls, social media and any other available resource.

All members of the campus community are encouraged to sign up for community safe. Instructions for signing up are available through the link below http://www.msj.edu/csafe

### SEXUAL ASSAULT

The Campus Police Department investigates all reports of sexual assaults. Sexual assault prevention, response, and deterrence presentations are available through the Campus Police Department upon request.

If you are a victim of sexual assault, your first priority should be to get to a place of safety. The Campus Police Department strongly encourages all sexual assault victims to report the crime in a timely manner. Time is a critical factor for evidence collection and preservation. Sexual assaults should be reported directly to the Campus Police Department.

Once the Campus Police Department receives notification that a sexual assault has occurred an Officer will be sent to a location of the victim’s choosing. Upon the Officer’s arrival an initial fact finding investigation will begin. The victim will be advised of how the criminal investigation will occur and the steps necessary to ensure proper prosecution. Officers will ensure the victims safety and confidentiality at all times. The Wellness Center will also be notified in the event counseling services are requested by the victim. Victims of sexual assault who would like assistance other than those offered by the Wellness Center can contact the Hamilton County Prosecutor’s Office Victim’s Advocate division or Women Helping Women of Cincinnati by following the links below.

http://www.hcpros.org/node/6
http://womenhelpingwomen.org/

Student victims will have the option to change their academic/on-campus living situations at any time following a sexual assault.

Disciplinary proceeding processes are detailed in the student handbook. Both the victim and accused have the right to have another person of their choosing present during any hearing. Both the victim and accused will be informed of the outcome of the hearing upon their completion. A student found responsible
can be criminally prosecuted in the state courts and may be suspended or dismissed from the College.

**DISASTER AND EMERGENCY RESPONSE PLAN**

The objective of the College of Mount St. Joseph Disaster and Emergency Response Plan is to provide the maximum practical protection for students, faculty, staff, and visitors in the event of a crisis.

Natural disasters, such as floods, severe storms and tornadoes, and man-made disasters which can result from chemical accidents, falling aircraft, fires, explosions, etc., are potential hazards for which we must be prepared. We must also prepare for a man-made crisis, which can come in the form of weapons on campus and bomb threats.

To meet this objective, we will instruct and prepare staff, faculty and students in the appropriate and safe procedures to follow in the event of a campus crisis through various channels of communication, including e-mail, Community Safe, phone calls, social media, chapel bells and other available sources. The occurrence of a crisis will require prompt response from all members of the campus community and specifically, personnel with assignments included in this plan. Since no two emergencies will be the same in nature, scope or magnitude, it is necessary for the College's plans to be basic, flexible and subject to modification as the need arises. Modification will be at the discretion of the President, Chief of Campus Police or civil authority. However, in any emergency, the following priorities shall apply:

- Protection of life.
- Prevention of injury.
- Protection of property.
- Preparation of the campus for extended stay or evacuation.

Every student, faculty member, staff member and visitor at the College of Mount St. Joseph should be as prepared as possible for emergency evacuation of campus buildings.

This is particularly important for people with disabilities, for whom the environment becomes even more difficult during and after an emergency than for the non-disabled. If you are a person with a disability (mobility, vision, hearing,
speech, or cognitive), you are encouraged to contact the Director of Academic Support (513-244-4524 or susan_brogden@mail.msj.edu, The Learning Center, Room 156 Seton Center). The Director will work with you and the Office of Public Safety to develop a personal safety plan that will help increase the probability of a smooth evacuation in an emergency.

Following every disaster or emergency, a full review of all response procedures will be conducted with members of the Emergency Response Team and other individuals and agencies involved in the response.

WHO DECLARES A CAMPUS EMERGENCY?

CAMPUS EMERGENCIES MAY ONLY BE DECLARED BY THE FOLLOWING PERSONS:

- Incident Commander
- College President:
  The President of the College of Mount St. Joseph is primarily responsible for declaring a campus emergency. In questionable cases he/she may consult with other department heads, civil authorities and the Chief of Campus Police to assist in assessing the need to declare an emergency. In the absence of the President, his/her designee will act on behalf of the President. In a situation where neither are available, the Chief of Campus Police shall declare the emergency. Unless an obvious and immediate emergency exists, consultations should be utilized in the decision making process.
- Civil authorities:
  Delhi Police, Delhi Fire, or other local, state or federal government agencies may declare an emergency that would involve the campus.
- All faculty, staff and students:
  Critical Situations: All faculty, staff and students are responsible to sound the appropriate alarm or notification upon discovering a critical situation. A critical situation includes events such as a fire, violent act, observation of a person on campus with a gun, or hearing/observing gun shots on campus
COMMON TERMS IN EMERGENCY RESPONSE

BUILDING OR ROOM EVACUATION

A building or room evacuation may be the result of a fire, chemical leak, power outage, or any other event which requires leaving a building.

CAMPUS EVACUATION

A campus evacuation will occur if the campus is deemed unsafe and uninhabitable by civil authorities or by the administration. This will usually be the result of an extensive campus fire, aircraft crash, chemical threat, or local police/fire department action.

EVACUATION OF PERSONS WITH DISABILITIES

Visual Impairments: Inform the person of the nature of the emergency and offer to guide the person to the nearest exit and Rally Point.

Hearing Impairments: Alert the person that there is an emergency situation by using hand gestures or by turning the light switch on and off. Verbalize or mouth instructions, or provide the person with a short note containing instructions.

Mobility Impairments: Since elevators should not be used, individuals who can walk may be able to evacuate themselves with some assistance. For individuals unable to walk: if there is no immediate danger, escort the individual to a safe place to await rescue personnel. Whenever possible, someone should remain with the person while another individual exits the building and notifies rescue personnel of the person’s exact location. Only in extreme situations should you try to evacuate a person in a wheelchair yourself. The mobility-impaired person is the best authority on how he/she should be moved. Ask before you move someone. While it is best to let rescue personnel conduct the evacuation, the person can be carried by two people who have interlocked their arms to form a —chair, or the person can be carried in a sturdy office chair.
LOCK DOWN

A lock down procedure will occur if a threat occurs on campus or in the local neighborhood that requires students, faculty, staff, and visitors to be taken indoors where it is less likely that they will be injured. This will usually be the result of an attack by an armed person on campus or gunshots fired on campus (or in the near neighborhood). Some emergency situations may require a secondary response beyond those listed above, such as initiating shelter in place. Such situations may include an extended stay on campus due to a major winter storm.

SHELTER-IN-PLACE

This is to protect students, faculty, and staff who are already inside the buildings. Everyone should find some place of shelter inside that building and stay there until you are directed to leave. Determine if the room you are in can be locked and if so, lock all windows and doors, and turn off all the lights.

If your room can’t be locked, determine if there is a nearby location that can be reached safely and secured in the manner above. If it is not possible to lock the doors or attempt to safely reach another area, then do the following:

- Place furniture and equipment in front of the doors to barricade them.
- If a door opens out into a corridor, then use whatever means possible to try to restrict entry to the room, including placing furniture and equipment in front of the door, or using a belt or other item to tie the door handle to something stable.
- Stay away from windows, stay alert for instructional messages as described below, and put cell phones on vibrate.
- Remain in place until the police or a campus administrator known to you gives the “all clear.”
- If the threat compromises your shelter then leave that place for another place of safety even to the extent of leaving or fleeing from the building.

This weather can take the form of heavy winds, lightning, thunderstorms and tornados.

The Hamilton County siren is the emergency confirmation.

CAMPUS ESCORT SERVICE

The College of Mount St. Joseph Police Department escort service is designed to enhance the safety and peace of mind and offer a greater sense of security for anyone who feels unsafe while walking alone on campus.

The goal of the escort program is to deter assaults, sexual harassment, verbal abuse, or other harassment while walking from one location on campus to another. The escort service is a walking escort and should assume that you will be given a walking escort unless the dispatcher informs differently.

The College of Mount St. Joseph Police Department does provide a mobile escort; however, the availability of this is only when it is determined to be necessary and when resources are available. When a Police Officer from the College of Mount St. Joseph Police Department is dispatched as an escort while on campus, the escort will be a walking escort unless a mobile escort is otherwise determined necessary. All mobile escorts will be by a Police Officer in a marked College of Mount St. Joseph Police Department vehicle.

The escort program is free of charge and available to all College of Mount St. Joseph students, staff, and faculty.

The escort service is available 24 hours a day. To request an escort dial “0” from any on campus phone, or dial 513-244-4226 from an off campus phone.
MISSING PERSONS

All reports of missing persons are taken seriously and investigated fully until the person is located. Any on campus resident student who is deemed missing, regardless of length of time, should be reported immediately to the Campus Police Department.

Resident students may name a confidential contact person or persons whom College Officials or Campus Police can notify if they are missing. Residents wishing to utilize this resource should do so by obtaining a missing person contact card at the Campus Police office. In the event the student is under the age of 18 a custodial parent or guardian will be notified. Notifications to confidential contacts, custodial parents or guardians will occur within 24 hours.

While the confidential contact information is limited to resident students. All reports of missing students will be investigated thoroughly by the Campus Police Department.

DRUGS AND ALCOHOL

The College of Mount St. Joseph seeks to provide an environment in which students may experience intellectual, emotional, physical, social, and personal growth. The development of the capacity to make informed decisions about drugs, including responsible choices about the consumption of alcohol, is a significant component of personal growth. The responsibility for making informed choices regarding drugs and the use of alcohol rests with all members of the College community: students, faculty, and staff.

A comprehensive drug and alcohol education program supports members of the College community in making informed and responsible decisions about drugs and alcohol. This program has three primary components: first, to provide members of the College community with education regarding the academic, social, legal, and health-related effects of drug and alcohol use and misuse; second, to provide access and referral for the assessment of and treatment for individuals with drug and alcohol-related problems in cooperation with community agencies; and third, to provide for individual freedom while promoting the health, safety, and welfare of all members of the College community. It is assumed that the College’s commitment to providing education in addition to health, counseling, and ongoing support services will be matched by responsible behavior with respect to alcohol and other drugs.

The College’s drug and alcohol policy applies to students and to student organizations conducting activities and events on and off campus and supplements,
rather than replaces, the Student Life Standards and Disciplinary Policy and Procedure, including all policies, offenses, procedures and sanctions set forth therein. This policy also applies to a student’s misusing a drug prescribed by a physician. To view the complete policy on drugs and alcohol use the link below.

The College of Mount St. Joseph prohibits the illegal use, possession, sale, manufacture, or distribution of drugs, including alcohol, and drug paraphernalia. In addition, the misuse of substances that present physical or psychological hazards to individuals is prohibited. It is the College’s intention that its policies comply with State, Federal and local laws governing the use, distribution, and consumption of alcohol.

FIRE DRILLS IN SETON CENTER RESIDENCE HALL

Fire drills will be conducted randomly and at the discretion of the Campus Police Department. At least two fire drills will occur per academic year.

FIRE STATISTICS AND FIRE SAFETY RELATED RESIDENCE HALL POLICIES

Candles – Candles, incense or other open flame items are strictly prohibited in the residence hall.

Extension Cords - Home-style electrical extension cords and plug expanders (e.g., octopus plugs, cube taps, and other multi-plug adapters and splitters) are not allowed for use in the Seton Residence Hall. Extension cords that do not fit the approved ratings will be confiscated as will plug expanders (e.g., octopus plugs, cube taps, splitters, etc).

Surge Protectors - Where an adequate number of receptacles are not readily available, UL listed plug strips are permitted provided that they are no longer than six feet, are equipped with a fuse or circuit breaker, and are plugged into a permanently installed receptacle. These are the only type of extension cords or plug expanders that are allowed in the Seton Residence Hall. This is a very important fire safety rule - overloaded extension cords can cause fires! Extension cords that do not fit the approved ratings will be confiscated as will plug expanders (e.g., octopus plugs, cube taps, splitters, etc).

Fire Alarms –Fire drills are held periodically to ensure safety of students. When the alarm sounds: you must exit the building immediately. Do not call the Seton Center Front Desk unless you have emergency information.

• Learn the location of all fire exits, fire alarms, and fire extinguishers on your floor.
• If the alarm sounds, put on your shoes, get a coat (if necessary), lock your door, and the leave the building by the nearest stairway possible. Do not use the elevators! You may return only upon authorization of a staff member.
• Smoke detectors or sprinklers have been installed in every student room. At the beginning of the fall and spring semesters, the College provides replacement batteries for each unit. It is the responsibility of the resident(s) to keep the battery in the unit. If a battery is found removed, the resident(s) will be subject to disciplinary action.
• The greatest danger in College buildings is not from flames, but from smoke. Fire doors in the residence hall and stairways hinder the spread of smoke and must be closed at all times.
• Do not take chances with fire – even a small one can get out of control quickly. If a fire cannot be extinguished with available equipment, activate the nearest fire alarm.
• Pulling a false fire alarm, tampering with fire equipment, or the false reporting of an emergency to the police or fire department is punishable under Ohio Revised Code 2917.32 as a first degree misdemeanor. Conviction carries a maximum $1000 fine and 6 months in jail. College judicial action also results.
• Unauthorized use of, tampering with, or damaging emergency or safety equipment is punishable under Ohio Revised Code 2909.07 as a third degree misdemeanor. Conviction carries a maximum $500 fine and/or 60 days in jail. College judicial action also results.
• Interference with and/or non-adherence to emergency evacuation procedures or drills is punishable under Ohio Revised Code 2917.13 and Ohio Fire Code FM106.4. College judicial action also results.
• Setting or intentionally starting a fire on campus is prohibited.
• Fishnets, parachutes, flags, tapestries, or other types of cloth or roped items may not be suspended from room ceilings because this constitutes a fire hazard.
