

## MSN-MAGELIN

Master's Graduate Entry Level in Nursing  
[msj.edu/magelin](http://msj.edu/magelin)

### WHAT WE'RE ABOUT

Graduate programs at the Mount have a strong reputation of innovation, quality, and academic excellence. Class sizes enable faculty to create valuable connections between learning, research, and the professional work environment. MSJ graduate students appreciate the consistent interaction with faculty, both as educators and mentors.

### MASTER'S GRADUATE ENTRY LEVEL IN NURSING

MSN-MAGELIN is an innovative degree option that enables students to enter the nursing profession at the graduate level. This prelicensure program is for those who hold a bachelor's degree in a discipline other than nursing and who are interested in becoming a registered nurse in a short amount of time. The program is completed over four full-time consecutive semesters. Upon graduation, students will be prepared to take the national nursing licensure examination (NCLEX-RN). MSJ graduates deliver exceptional patient care at the bedside and move on to leadership positions in health care.

Entering the profession of nursing at the graduate level is a new concept in nursing and a growing trend nationwide. The Nursing program at the Mount is accredited by the Commission on Collegiate Nursing Education, 665 K Street, NW, Suite 750, Washington, D.C. 20001, p: (202) 463-6930.

### PROGRAM FORMAT

The program spans four consecutive semesters and students enroll in 15-17 credit hours each semester. The courses are offered during the day. However, some evening and Saturday clinicals may be required. Students can be conditionally accepted into the program while working on prerequisite courses. Prerequisite courses need to be completed before the program cohort begins. Cohorts begin in January, May, and August.

Students take a variety of courses related to clinical content/practice, professional roles, research, theory, leadership, and health care policy. During the final phase of the program, students complete a preceptorship working one-on-one with a registered nurse for 144 hours.

## MSN-MAGELIN CURRICULUM

### SEMESTER 1

Health Assessment/Lab  
 Evidence-based Primary Health Care  
 Nursing with Chronically Ill Clients/  
 Lab/Clinical  
 Professional Roles & Issues  
 Pharmacology/Lab

### SEMESTER 2

Evidence-based Primary Health Care Nursing  
 with Acutely Ill Clients  
 Evidence-based Population Focused Primary  
 Health Care  
 Evidence-based Primary Health Care Nursing  
 with Acutely Ill Clients/Clinical  
 Evidence-based Primary Health Care Nursing  
 with Mentally Ill  
 Foundations of Nursing Research &  
 Evidence-based Practice

## ADMISSION CRITERIA

### Potential students must meet the following requirements:

- A completed graduate application at [msj.edu/apply](http://msj.edu/apply).
- Official transcripts to the Office of Graduate Admission.
- A one- to two-page essay with reasons for seeking the degree including professional goals.
- A current résumé.
- Contact information for two references (1 professional and 1 academic).
- A TOEFL score for international students (as needed).
- A completed prerequisite course form and the following prerequisite courses with a grade of “C” (“C-“ not accepted) or higher prior to the first MSN-MAGELIN course:
  - Anatomy and Physiology with lab (one year, must be taken within five years of starting program).
  - Chemistry (inorganic/organic or biochemistry) with lab
  - Introduction to Psychology
  - Introduction to Statistics
  - Microbiology with lab
  - Pathophysiology (must be taken within five years of starting the program).
  - Introduction to Sociology
  - Life Span Development
  - Nutrition

### The applicant must possess:

- A bachelor’s degree and prerequisite courses from a regionally accredited university.
- A minimum GPA of 3.0/4.0 or higher for all undergraduate course work or a 3.0/4.0 or higher on the prerequisite courses (students make take a prerequisite course no more than two times).

Applicants will be invited to come to campus for an interview with the selection committee and must also complete a successful criminal background check and FBI fingerprinting.

### Recommended Application Deadlines:

January Cohort	September 1
May Cohort	January 1
August Cohort	April 1

### On-campus Interviews Schedule:

January Cohort	Late October/Early November
May Cohort	Late February/Early March
August Cohort	Late May/Early June

Preference for interview invitations will be given to applicants who have 4/5 science prerequisites completed.

## PRIDE POINTS

- Preceptorships occur in a variety of units in tri-state hospitals such as Cincinnati Children’s Hospital Medical Center, TriHealth Hospitals, Mercy Health Hospitals, University of Cincinnati Medical Center, The Christ Hospital, and St. Elizabeth Medical Center.
- MAGELIN students are guaranteed clinical placements.
