

SOCIAL COMPUTING

Social computing, an expanding field in computer science, focuses on solving human problems through technology. The Social Computing degree combines the study of linguistics, computer science, artificial intelligence, and social science research to support graduates in creating technological solutions to real-world problems in their fields. Students who pursue a major in Social Computing must complete a double major. Blending a social computing degree with another undergraduate degree offers students an enhanced, interdisciplinary understanding of what data language is and how it can be used to meet the demands of today's world—enabling them to make an even bigger impact with their career.

BEYOND THE CLASSROOM

HANDS-ON EXPERIENCE

Students in the cTe Scholars Program have an exclusive opportunity to co-op as paid cTe support scholars and IT interns, working directly with industry partners through CITE, INC to create apps, chatbots, and other technical solutions that solve real-world problems. Students are also able to work with faculty and staff on academic research efforts. This hands-on experience enables students to explore their interests and hone their skills for the workforce and graduate studies.

COHORT-BASED LEARNING

The program's cohort-based model allows students to take Social Computing courses with the same group of students. This learning model offers students opportunities to form connections with others and receive support from peers.

SOCIAL COMPUTING - BACHELOR OF SCIENCE

FIRST YEAR-SEMESTER #1	FIRST YEAR- SEMESTER #2	UNIVERSITY CORE
NLP 105 Introduction to Linguistics for Computer Scientists 3	NLP 125 Introduction to Language & Computers 3	COMMON GOOD
NLP 106 Introduction to Secondary Research Methods 3	NLP 126 Introduction to Primary Research Methods 3	CORE 115 Common Ground Code COR
COM 100/ENG 101 3	MTH 165# Hacking Math: A Tech- Based Survey of Math 3	Justice & the Common Good Code JCG
CORE 115 3	COM 100/ ENG 101 3	Ethics Code CE
Core requirement 3	Core requirement 3	Experiential Learning Code EXP
		Core Capstone Code CCP
		HUMANITIES
SECOND YEAR-SEMESTER #1	SECOND YEAR-SEMESTER #2	Speech (COM 100) Code C
NLP 120 Principles of NLP Programming I 3	NLP 221 Principles of NLP Programming II 3	Writing (ENG 101) Code C
Course for second major 3	Course for second major 3	Literature (ENG) Code CL
Course for second major 3	Core requirement 3	Art or Music Code CAM
SOC 103 3	Core requirement 3	History Code CH
Core requirement 3	Core requirement 3	Religious Studies Code CR
CED 220^ 1	Core requirement 3	Philosophy Code CP
		SCIENCES
THIRD YEAR-SEMESTER #1	THIRD YEAR-SEMESTER #2	Biology/Chemistry/Physics + Lab Code CN
NLP 230 Applications of Database & Design Development for NLP Programming 3	NLP 250 Web Fundamentals & NLP Programming 3	Mathematics Code CMA
Core science requirement 4	Course for second major 3	SOC 103 Our Social World Code CS
Course for second major 3	Course for second major 3	
Course for second major 3	Course for second major 3	Choose one discipline:
Course for second major 3	Course for second major 3	ECO 212 Microeconomics Code CEP
		PSY 103 Psychology Code CEP
FOURTH YEAR-SEMESTER #1	FOURTH YEAR-SEMESTER #2	NOTES
NLP 350 Applied Social Computing 3	Core Capstone 3	^CED 220 required for cooperative education option
Course for second major 3	Course for second major 3	120 credits hours minimum needed to graduate.
Course for second major 3	Course for second major 3	#MTH 165 Hacking Math: A Tech- Based Survey of Math is recommended
Core requirement 3	Course for second major 3	NLP courses other than NLP 105, NLP 106, NLP 125, and NLP 126 may be substituted for more advanced courses with permission.
Core requirement 3	Core requirement 3	Adding a second major is required. Major of Liberal Arts, Communications & New Media Studies, or Behavioral Sciences are recommended. Other majors may require additional time to degree. Students cannot double major in Computer Science: Social Computing and Computer Science: Application Development.
		Curriculum Guide does not replace advising by a faculty member within the Computing department.

Mount St. Joseph University ("the University") is committed to providing an educational and employment environment free from discrimination or harassment on the basis of race, color, national origin, religion, sex, age, disability, sexual orientation, gender identity, veteran status or other minority or protected status. This commitment extends to the University's administration of its admission, financial aid, employment, and academic policies, as well as the University's athletic programs and other University-administered programs, services, and activities.

The University has designated the Vice President of Compliance Risk and Legal Affairs/General Counsel/Title IX Coordinator, (513) 244-4393, as the individual responsible for responding to inquiries, addressing complaints, and coordinating compliance with its responsibilities under Title IX of the Education Amendments of 1972 and other related federal and state civil rights laws. The University has designated the Chief Human Resources Officer, (513) 244-4979, as the individual responsible for responding to inquiries, issues, or complaints relating to discriminatory, harassing, or retaliatory conduct related to race, color, national origin, religion, age, disability, veteran status or any other legally protected status. The University has designated the Associate Provost for Academic Affairs, (513) 244-4614, as the individual responsible for responding for addressing formal complaints regarding compliance with its responsibilities under Section 504 of the Rehabilitation Act of 1973. 09-WO-002425/23/800
