FUTURE IMPROVEMENTS TO FIRE SAFETY SYSTEMS

All fire alarm systems are maintained at their present capabilities and tested in accordance with current regulations. Improvements are implemented concurrently with facility renovation which involves a review of all plans by the University’s property insurance carrier.

ⁱ If your report or complaint involves discriminatory, harassing, or retaliatory conduct based on race, color, national origin, religion, age, disability, or another legally protected status (including conduct outside the scope of Title IX), please refer to the University’s Equal Opportunity and Non-Discrimination Policy. If your report or complaint relates to student disability accommodations, please refer to the University’s Student Accommodation Grievance Procedure.
